A member of the KOMAN Family of Companies.

KOMAN Government Solutions, LLC (KGS) is an ANC-owned Small Disadvantaged Business. KGS supports clients in all areas of the environmental industry. KGS' core business lines include environmental compliance, investigation, environmental services, remediation, per- and polyfluorinated substances (PFAS), munitions and explosives of concern (MEC) response, operations and maintenance, long-term monitoring, and construction.

KGS is characterized by our diverse technical capabilities, high level of customer satisfaction, and an excellent safety record. We bring more than 20 years of experience, stability, and success in the federal market. Our combined environmental services and construction divisions enable us to address nearly all facets of client projects from start-up to closure. Having in-house expertise, coupled with broad capabilities, we ensure our clients a smooth transition from concept to completion.

SAFETY

KGS' robust safety program provides opportunity for all of our employees to be involved in the safety and health process. Our employee engagement initiatives include implementation of KOMAN Cares Moments during group meetings and a Good Catch Program to reward employees for identifying and correcting potential safety issues.

Our quality control program requires Construction Quality Management for Contractors (CQM-C) Training for all project managers, quality control staff, and site superintendents.
