## ABOUT

The KOMAN Family of Companies are subsidiaries owned by the Natives of Kodiak, Inc. (NOK), an Alaska Native Corporation. NOK is one of the original corporations created by the Alaska Native Claims Settlement Act of 1971, whereby the Alaska natives surrendered their ancestral land claims for "certain valuable considerations" that included federal government contracting preferences. NOK is committed to improving the quality of life for our shareholders through economic growth, asset diversification, and progressive land management. NOK has diversified holdings in timber, land development, resource management, and commercial and government contracting.

KOMAN Government Solutions, LLC and its wholly-owned subsidiary, Trinity Analysis and Development Corp (KGS/Trinity) support clients in all areas of the environmental industry. The two companies provide our clients more than 100 employees, offices nationwide, and past performance in 47 states.

## PROFILE AND CORE COMPETENCIES

KGS/Trinity is an SBA-certified 8(a) company with more than 18 years of experience, stability, and success to the federal 8(a) arena. KGS/Trinity is characterized by our financial stability, positive and profitable growth, and an excellent EMR safety record of 0.81. Our construction and environmental divisions enable us to address nearly all facets of client projects from start-up to closure. Having in-house expertise, coupled with broad-capabilities, KGS/Trinity ensures our clients a smooth transition from concept to reality.

When it comes to successfully integrating business, technical, and compliance needs, KGS/Trinity builds on three guiding risk management principles: effective business management; “zero-accidents” philosophy; and financial accountability. As a result, our team can successfully tackle some of the most challenging and demanding sites, helping extend life cycles and budgets.
